### Description of Service

- **Description:**
  - **Peer Support Service:** Our peer support service connects people living with cancer and caregivers with trained volunteers who offer encouragement and share ideas for coping—all from their unique perspective as someone who’s been there. Connect by phone or in person to a cancer survivor or caregiver whose experience most closely resembles your own. Based on details that are important to you, such as type and stage of cancer, sex, treatment, side effects, age or family situation, you will be matched with a trained volunteer who has had a similar cancer experience.
  - **Support Groups:** Meet with adults who have cancer and caregivers for educational and informal group discussions facilitated by trained volunteers who are also living with cancer. Groups are community based— and some are specific to one type of cancer, while others may offer general support for people living with cancer.
  - **CancerConnection.ca** is our online community helps people who have cancer; cancer survivors and caregivers share their experience and build supportive relationships.

- **Eligibility Criteria:** Our Peer Support Service is available to people with cancer and their caregivers who are 18 and over.

- **Referral Process:** If your patient or their caregiver would like to speak to someone who’s had a similar cancer experience, complete and submit a healthcare provider referral. The personal information collected on the referral form will only be used to contact the individual regarding our services.

- **Assessment Process:** Not cited.

**Email:** cmccollom@marchofdimes.ca  
**Website:** Not cited.  
**Hours:** Monday to Friday 8:30am-4:30pm, some variability in hours

#### Description of Service

- **Description:** Role to improve access to services for those living with the effects of an acquired brain injury (ABI) including with disorders such as mental illness, addictions, developmental delays and geriatrics. This is accomplished by being a staff support to local planning committees and some involvement with individuals who fall through the service cracks to help them find their way to the right services.

- **Eligibility Criteria:** Must have an Acquired Brain Injury. The definition of Acquired Brain Injury (ABI) is as follows: An ABI is damage to the brain, which may be caused: Traumatically, e.g., from an external force such as a collision, fall, or assault; Through a medical problem or disease process which causes damage to the brain, e.g., anoxia, non-progressive tumour, aneurysm, infection, stroke with diffuse cognitive deficits. An ABI occurs after birth and is not related to: A congenital disorder or developmental disability, e.g., cerebral palsy, muscular dystrophy, autism, spina bifida with hydrocephalus; A process which progressively damages the brain, e.g., dementing processes, multiple sclerosis, Alzheimer’s Disease, Parkinson’s Disease (Source: Toronto ABI Network Definition of ABI, May 1999).

- **Referral Process:** Self-referrals, family, friends, physicians, other.

- **Assessment Process:** There is a need to fill out an application for service for March of Dimes services and other ABI providers and to produce some medical documentation or scans which diagnose an ABI. If this can’t happen, then staff will do their best to work with someone to get proof of ABI.

- **Service Capacity:** Not cited.

## Description of Service

- **Description:** Ontario Telemedicine Network (OTN) is a newly incorporated not-for-profit organization with a mandate to support clinical, educational and administrative telemedicine services for the province of Ontario. Together more than 350 sites and 700 cameras are brought into a single, secure, province-wide telemedicine network. This allows interactive patient consultation with different specialists from other hospitals across the province, giving the patient opportunity to see a specialist for an initial assessment or follow up appointment via video. The service decreases travel time and expenses.

- **Eligibility Criteria:** Eligibility criteria is dependent upon the service accessed through the Ontario Telemedicine Network.

- **Referral Process:** Physician or Nurse Practitioner referral is required.
